### Against Empathy The Case For

In AGAINST EMPATHY, Bloom reveals empathy to be one of the leading motivators of inequality and immorality in society. Far from helping us to improve the lives of others, empathy is a capricious and irrational emotion that appeals to our narrow prejudices.

### Against Empathy: The Case for Rational Compassion: Bloom ...

Being against empathy, Paul Bloom acknowledges at the beginning of his book Against Empathy is roughly the same as being against kittens. This is because most people see empathy is an ultimate good, so, when you say you are against it, you end up sounding like you are against love and compassion and morality and everything else that separates us from Hannibal Lector (who makes an appearance in the book too).

### Against Empathy: The Case for Rational Compassion by Paul ...

A controversial call to arms by one of the world's leading psychologists, Against Empathy reveals how the natural impulse to share the feelings of others leads to cruel and irrational behavior on both the world stage and at home.

### Against Empathy: The Case for Rational Compassion: Bloom ...

Against Empathy: The Case for Rational Compassion is a 2016 book written by psychologist Paul Bloom. The book draws on the distinctions between empathy, compassion, and moral decision making. Bloom argues that empathy is not the solution to problems that divide people and is a poor guide for decision making. However, he is not completely against empathy; he believes that empathy can motivate kindness to make the world a better place. Overall, the book received mixed reviews as some reviewers cri

### Against Empathy - Wikipedia

Bloom's Against Empathy: The Case for Rational Compassion will be of interest to those seeking to develop their own moral muscles and to those interested in helping others cultivate the social emotional skills they need to foster a kinder world. Bloom argues that empathy, or feeling or experiencing what another person feels or experiences, on the whole makes us less caring and just, and more parochial, short-sighted, and insensitive to the scope of human suffering.

### Against Empathy: The Case for Rational Compassion by Paul ...

In Against Empathy: The Case for Rational Compassion, Professor Bloom provocatively argues that using empathy alone to make decisions can cause real harm, and he tells us that this is not the vital catalyst for human morality it is thought to be.

### Against Empathy: The Case for Rational Compassion ...

Against Empathy ends with the conclusion that empathy is a thoroughly bad compass for making choices and informing decisions, particularly those with a moral dimension. What Bloom suggests we should do is jettison empathy altogether, and replace it with what he dubs "rational compassion".
