### **Bombing To Win Air Power**

In "Bombing to Win: Air Power and Coercion in War," Pape shows that strategic airpower has never been the panacea many theorists and war planners had hoped and believed it would be. And, he argues, the advent of advanced precision-guided technology does little to change that fact.

### **Amazon.com: Bombing to Win: Air Power and Coercion in War ...**

Coercive air power can succeed, but not as cheaply as air enthusiasts would like to believe. Pape examines the air raids on Germany, Japan, Korea, Vietnam, and Iraq as well as those of Israel versus Egypt, providing details of bombing and governmental decision making.

### **Bombing to Win: Air Power and Coercion... book by Robert A ...**

The American bombing of Vietnam is a classic example of conventional coercion. Unable or unwilling to commit the ground forces necessary to win decisively in the South, the United States attempted to compel Hanoi to alter its behavior by using powerful air forces to bypass the battlefield and strike directly at North Vietnam.

### **Robert Pape - Wikipedia**

This solidly constructed work concludes with some overly simple assertions: 'Strategic bombing does not matter,' 'Punishment does not work,' and the like. Exploring a large number of cases superficially and five cases in depth, the author builds a strenuous argument that strategic air power has never delivered on its promises and, for reasons intrinsic to strategy, cannot.

### **Bombing to Win: Air Power and Coercion in War | Foreign ...**

- Strat. bombing only matters in long wars of attrition decided by material superiority - Theater air power combined with ground power is stronger coercive tool (PGMs better used for this) - Should focus on destroying enemy armies from air- obviously contradicts Warden. - Threats to civilians wasteful & immoral

Paperback 1996 Author Robert A Pape

focus to coercive air power, and then providing historical evidence of uses of coercive air power. His thesis is that strategic attack does not work to coerce the enemy.

**TWO THEORIES ON THE USE OF AIR POWER: WARDEN VS. PAPE**

The air power that defeated Iraq was not the bombing of Baghdad that captivated millions of CNN viewers, but the direct pounding of the Iraqi army in Kuwait, which denied Saddam a chance to inflict heavy costs on the coalition ground offensive. U.S. air power made it impossible for the Iraqis to stop a breakthrough at the front.
