In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

**Dinotopia World Beneath James Gurney**

The World Beneath, sequel to the first beloved Dinotopia, has many of the things that made the first book so spectacular--namely amazing art, and and interesting world. This time around it even has a plot, unlike the first one which was essentially plot-less, although I would argue that it was to the book's benefit and that the plot here is to this book's detriment.

**James Gurney — Books**

Dinotopia is a series of illustrated fantasy books, created by author and illustrator James Gurney. It is set in the titular "Dinotopia", an isolated island inhabited by shipwrecked humans and sapient dinosaurs who have learned to coexist peacefully as a single symbiotic society. The first book was published in 1992 and has "appeared in 18 languages in more than 30 countries and sold two million copies." Dinotopia: A Land Apart from Time and Dinotopia: The World Beneath both won Hugo awards for
