Guided reading helps students develop greater control over the reading process through the development of reading strategies which assist decoding and construct meaning. The teacher guides or 'scaffolds' their students as they read, talk and think their way through a text (Department of Education, 1997).

The 3' end of the tracrRNA is predicted to hybridize with a crRNA containing 14 nt of the DR sequence, and we designed sgRNA testing two linkers between the tracrRNA and crRNA sequences. Both designs supported insertion activity in the context of the tracrRNA variant 6 . We observed that expression of tracrRNA or sgRNA with the pj23119 ...

An action is a concept that involves an agent performing something. In common speech, the term is often used interchangeably with the term "behaviour". However, in the behavioural sciences, the social sciences, and the very philosophy of action, a distinction is made: behavior is automatic and reflexive activity, while action is an intentional, purposive, conscious and subjectively meaningful ...
