[PDF] Download The Structure Of Financial Regulation ...

Until the middle of the 1990s, the institutional structure of financial regulation received little attention in either academic or policy-making circles. The operative assumption was that institutional structures of regulation were of secondary little importance when compared to other factors such as the scope and comprehensiveness of regulation, the resources devoted to the regulatory agency, the legal powers of the agency, and its relationship to the central bank.

Financial Regulation - an overview | ScienceDirect Topics

Congressional Research Service. Summary. The financial regulatory system has been described as fragmented, with multiple overlapping regulators and a dual state-federal regulatory system. The system evolved piecemeal, punctuated by major changes in response to various historical financial crises.
