Iron and heavy guns : duel between the Monitor and ...

Machined, multi-shot guns with rifled barrels and reliable cartridges meant that both parties in a duel stood a good chance of dying. During the heyday of duels in the United States (the 18th and early 19th centuries) dueling pistols were handmade and generally smoothbore, single-shot, black powder, flint-lock devices that were "sporting ...

Dual Heat Soldering Gun, Soldering Tip, Cutting Tip ...

Soldering guns and irons are tools for melting and applying solder wire to join metal objects and surfaces. Soldering guns have a handle with a trigger for activating heat. They're typically used on components such as cable lugs and heavy-gauge wire. They generally operate at higher heats and heat up and cool down faster than soldering irons.
