Probability theory is used for decision-making and risk management throughout modern civilization.

Individuals use probability daily, whether or not they know the mathematical theory in this text. If a weather forecaster says that there is a 90% chance of rain, people carry umbrellas. The "90% chance of rain" is a statement of a probability.

## **PROBABILITY FOR RISK MANAGEMENT**

High-probability/high-impact risks are the most critical, and you should put a great deal of effort into managing these. The low-probability/high-impact risks and high-probability/low-impact risks are next in priority, though you may want to adopt different strategies for each.
