Python Essential Reference (Developer's Library): Amazon ...

Well, I've finally started work on the 5th Edition of the Python Essential Reference. All I can say about it right now is that it's going to fully embrace Python 3 and use Python 3.6 as a starting point. I'm hoping that it will be a very modern take on the language and library. Of course, the real challenge is just getting the time to work on it! If you've liked previous editions and ...

Reference is just such a book.

Condensing thousands of pages of Python online documentation into a compact 319-page softcover, Beazley and his editors used the old-college trick (often performed in reverse) of dickering with the font size to meet a putative page-limit requirement.
