### The Creation Of Media Political

But by the early nineteenth century, when the United States was neither a world power nor a primary center of scientific discovery, it was already a leader in communications-in postal service and newspaper publishing, then in development of the telegraph and telephone networks, later in the whole repertoire of mass communications. In this wide-ranging social history of American media, from the first printing press to the early days of radio, Paul Starr shows that the creation of modern ...

**The Creation of the Media: Political Origins of Modern ...**

Social media use in politics is a new phenomenon in communications studies. Similar in manifestation to integrated marketing campaigns where branding and dialogue are key to success, political campaigns now use social media to establish the candidate's political identity, to educate and attract voters, and to disseminate information.

**The Role of Social Media in Political Campaigns - SSML**

Social media are interactive computer-mediated technologies that facilitate the creation and sharing of information, ideas, career interests and other forms of expression via virtual communities and networks. The variety of stand-alone and built-in social media services currently available introduces challenges of definition; however, there are some common features:
