The Google Story For Googles

The Google Story is a quick read, told in chronological order, and written in a clear, informative writing style that is somewhat marred by the authors' obvious idolatry for Page and Brin. The Google Story was a fascinating peek into the biggest brand and arguably the most successful technology company of all times.

The Story Behind Google's Success - Investopedia

The very popular search engine called Google was invented by computer scientists Larry Page and Sergey Brin. The site was named after a googol—the name for the number 1 followed by 100 zeros—found in the book Mathematics and the Imagination by Edward Kasner and James Newman.

The History of Google and How It Was Invented

The company set up a charitable offshoot, Google.org, in 2005. The name Google is a misspelling of Googol, the number 1 followed by 100 zeros, which was picked to signify that the search engine was intended to provide large quantities of information.

History of Google - Wikipedia

A story of brave heroes filled with dangerous thrills, Relentless also considers eternal questions about morality, purpose, sacrifice, and the definition of harmony. Exciting, imaginative, and thought-provoking, it takes fans on an action-packed ride that will challenge their assumptions and leave them breathless and satisfied.
