The Master Plan Himmlers Scholars

The Master Plan is a groundbreaking expose of the work of German scientists and scholars who allowed their research to be warped to justify extermination, and who directly participated in the slaughter -- many of whom resumed their academic positions at war's end. It is based on Heather Pringle's extensive original research, including previously ignored archival material and unpublished photographs, and interviews with living members of the institute and their survivors.

Acclaimed science writer Heather Pringle uncovers the true story of the scientists and archaeologists Heinrich Himmler deployed to find proof for his theories of a prehistoric Aryan master race. What happens when science falls prey to a political agenda? Pre-history, according to Heinrich Himmler, must be re-written.
